Employee of the Month: *Dominique Gillespie*

What Others Have To Say:

“Dominique has been one of the most reliable employees at Triad. She has gone above and beyond her normal responsibilities to help out in any way she can. We appreciate her and everything she does for the agency.”

“Dominique is an energetic positive person, willing to take out my son into the community while following the strict protocol for prompting him to get out of the car and to enter the store or other place of business. She is willing to join in all types of groups to support her client’s social peer interactions. Her cheerful disposition makes it nice to have her in your home. My son looks forward to her working with him. She consistently runs his goals while making it fun and engaging for him. She responds promptly to text messages and phone calls- even in the morning. Dominique is also very careful recording the data needed to support my son’s goals. I wholeheartedly support Dominique’s nomination for Employee of the Month.”

“I began working with Triad Coordinated Services in November of 2011. I have two clients that I absolutely adore. As I reflect over my time tutoring each of them, I have come to learn that though I am here to encourage and mentor them, I find that my clients teach me valuable things as well. I have learned to be so much more patient and understanding. I have learned that sometimes life does not have to be serious and we must talk about kitty cats or dance to country music. I have learned that the work I do with TCS is what I want the focus of my career to be. I love seeing how each of my guys progress. Their goals are my goals and I am thankful to be the person to assist them along their journeys.”
