Employee Of the Month:

Willie Carter

“I have enjoyed working through TCS and building solid therapeutic relationships with the individual's and families I work with. While rehabilitating and mentoring the individuals, they teach me many things as well and change my outlook on many things in life that I never thought would interest me.”

From Those Who Nominated Him:

“Willie brings a gentle spirit to his work with my son that helps greatly with the implementation of his behavior plan (token system). He responds well to Willie's consistent quiet application of the token system. My son's life is truly enhanced by Willie. He is wonderful.”

“Willie consistently demonstrates professionalism, and a high quality of work that his clients benefit from. Willie's clients consistently meet their goals with his guidance. Willie is an excellent employee and a pleasure to work with.”
